1.3. CORRECTION PERIOD

The Correction Period defined in Law 79C of the WBF Laws of Duplicate Bridge will be 24 hours from the time of publishing the results on the Club website. After the expiration of the Correction Period, if the Director and the Chief Director are satisfied beyond reasonable doubt that a score is wrong, it can be changed up to 7 days after the end of the session.

1.4. COMPETITION PERIOD

The year for all competitions is from 1 November to 31 October.

1.5. ELIGIBILITY

The common condition of eligibility for entry to all Club-sponsored competitions is financial membership of the Club, at least one week prior to the first session and throughout the competition.

1.6. FEES

1.7. COMPETITIONS CONVENER

This provision may be applied particularly in the case of limited session events. The Convener will be responsible for the general administration of an event and assisting the appointed Tournament Director in conducting that event.

2. WHOLE-OF-YEAR COMPETITIONS

2.1. ANNUAL CHAMPION PAIR CHAMPIONSHIPS

2.1.1. Description

For each regular weekly club session, there is a Champion Pair competition which acknowledges and rewards the pair which returns the best average percentage score per session, hereinafter known as Form, over the entire year.

2.1.2. Eligibility

To be eligible to win the championship, pairs must have played in the minimum number of regular sessions prescribed by the Management Committee from time to time. This is presently 60% of all available sessions.

Members playing in the Knockout or representing the Club in Inter-club Teams will be credited with an attendance for that session.

2.1.3. Entry

Entry is automatic. All pairs that play in the regular weekly sessions compete in the relevant competition.

2.1.4. Scoring

The competition is based on normal match point scoring converted to percentages. Championship rankings throughout the year are based on the progressive average percentage score per session achieved by pairs in every regular pairs session played throughout the competition year.

2.1.5. TIES

If there is a tie in Form, the title is awarded to the pair who has played the highest number of sessions. If, at the end of this process, the pairs are still tied the pairs share the title and the awards.

2.1.6. REPORTS

A Champion Pair Progress Report for each of the regular weekly sessions is published after the end of each month. The Report shows the performance for all pairs that have played 20% or more of the possible sessions in the year to date.

2.2. ANNUAL PAIRS KNOCKOUT CHAMPIONSHIPS

2.2.1. Description & Conditions

Competitors play in single matches during, but separate from, normal club sessions. The Knockout scores are compared with the median score for the room and the difference is scored in IMPs. No substitutes are permitted.

The Competitions Committee shall establish a standard Knockout draw, without seeding, at the commencement of each round in the Competition.

As soon as the Draw is published, the Home pair (first drawn) is responsible for offering their opponents three alternative dates for the match to be played within any time limits established by the Competitions Committee. Any difficulties in making these arrangements must be reported to the Chair of the Competitions Committee for resolution.

A Knockout match may be played only when the main movement has at least four whole tables of normal pairs bridge in play in each round in addition to the Knockout table(s).

The Home pair shall have the choice of seating for the match.

Each Knockout table plays 24 of the boards used in the session, as arranged by the Tournament Director. An identical set of boards to that in the main movement may be produced if necessary.

2.2.2. Entry

Contestants enter by writing their names into the relevant page in the Entries Book, or on a list, if presented on the noticeboard.

2.2.3. Scoring

The Tournament Director sets up a separate section in Compscore2 for the Knockout event and scoring is by entry into the Bridgemate table units. The scores, together with those from the main session, are imported into a purpose-built Excel spreadsheet which calculates the results and returns them to the Compscore2 for publishing.

2.2.4. Ties

If the winning score is within three IMPs of the losing score the match is declared a Tie and must be replayed.

2.3. ANNUAL MOST IMPROVED PAIR AWARD

2.3.1. Description

This is the award for the one pair in all the Champion Pair competitions that has made the most improvement in Form during the entire year. The pair that has achieved the greatest increase in Form shall win the award.

2.3.2. Eligibility

To be eligible to win the Annual Most Improved Pair Award, pairs must have played in the minimum number of regular sessions prescribed by the Management Committee from time to time. This is presently 60% of all available sessions.

2.3.3. Ties

If there is a tie, the award goes to the pair having the highest starting Form. If pairs are still tied the award goes to the pair having played the most sessions.
