EDITORIAL

'Tempus fugits' much too quickly these days and here we are with another year completed, the A.G.M. over and a new Committee to carry on the good work.
A good turnout for the A.G.M. with some forty members present to farewell the outgoing President Don Chisholm, Vice President Max Turley and Secretary Ellen Prince. Our resounding thanks to those stalwarts for completing a successful term of office. Don Chisholm congratulated Ellen on her stirling work over the past two years and commented that she was the only Secretary he knew who could read her own writing! Saturday evenings are showing about 3 tables per session which is a little disappointing and it is hoped that members will make a resolution to come along and join in and enjoy the relaxation.

INTERCLUB TEAMS TOURNAMENT.

K.D.B.C. is represented over the next two weeks by Helliwell/Martin/Haggard/D'Rozario and Goddard/Kirby/Turley/Turley.

ROVER AROUND with A.N. Other.

On the Congress scene, the Maccabi event was held ten days ago and the attendance of 18 teams and 66 pairs in 3 sessions of bridge constitutes a record and our members were there in force. The greatest effort came from Karen Haggard and Wilf D'Rozario taking 3rd place out of the 66 pairs and picking up the prize money for best placed mixed pairs. Claudine and David Charters emulated many previous performances by also making the finals which was 21% of the field but again failed to carry it through and take the prize. K.D.B.C. had only one team entered and that consisted of Celly Eldred, Karen Haggard, Roy Goddard and Brian Richardson and they finished in the top half of the field. The next Congress is this week-end and the hosts are Canning Districts. This has always been a happy hunting ground for our members - so go to it folks! On the State scene, another of our members achieved State Championship honours. This time it was the turn of John Price in the Men's Teams; although it is his first State Title it won't be his last. In the women's Team Joan and Aleda formed 33⅓% of one team that just failed to make the finals but did the next best thing by winning the Consolation. Back to the Men's Team Championship of which John was a member. The others in the Team were Leiv Bornecrantz, Haydn Lowe and K.D.B.C. members Charles Frugte and A.N. Other. It was personally a very satisfying way of finishing playing bridge for the year except defending my one remaining title (or for good - yet to be decided) by winning one's 20th State Championship.

A.N. OTHER.

Will he? Won't he? Will he? Won't he continue to play! Watch out for the next thrilling instalment!
