KALAMUNDA DISTRICTS BRIDGE CLUB NEWS

EDITORIAL

Well! The Congress was a rip roaring success and your President and Committee thank you all most warmly for helping to make it so. The financial aspect of the three days was also very gratifying and has added a goodly sum to the Club funds.

A special thanks to Maureen Ward, who despite not feeling too well, organised a splendid wind-up (pronounced wined) supper with the help of the lady members to whom we also give a cheer.

What would we have done without Messrs Stephens, Hart and Hopper (or SHH! for short) who directed the events so well. Thanks chaps, and we hope that your example will give courage to others to follow in your footsteps.

ROVING AROUND with A.N. Other

The Congress Roving was not very far afield this time with our own Congress taking pride of place. The placings in each of the six events are shown elsewhere in this issue. The Congress was extremely successful in every way. We had virtually a full house at every session, with a very good turn out from our own members. The Congress made a good profit although final figures are not yet available, I would estimate over $300 and all the players appeared to enjoy it except when they were going off. The wildest hand I have seen for a long time occurred in the qualifying round of the Open Pairs. (details over) On the State scene, for the first time since our Club was formed nearly nine years ago, we do not have a pair in the finals of the State Open Pairs Championship. KDBC where art thou? In the Interclub Mixed Teams, only five Clubs put up teams and the event was won by WABC from 21 Tate St., with KDBC coming 4th.

WHAT'S COMING UP

19th/20th May. A weekend of fun bridge at Albany.
24th/31st May, 7th/14th June. State Individuals. More masochism!

2nd - 4th June: WABC Foundation Day Congress.

	S A1076532		Dealer South. Nil Vul. As can be imagined, the various contracts reached were all doomed to failure. 1 NT E/W appears to be the maximum makeable contract, although one East player was allowed to make 3NT. 4Hx by West was a common contract and North leads AS, ruffed in dummy with the singleton heart and drops South's bare King!

ONE PARTNER

Attractive, experienced (although not at bridge!), displays occasional flashes of brilliance, but on the whole impetuous and hard to handle; has recently developed alarming tendency to bolt with bit between teeth as scores of -800 and -1100 show! However, definite potential there and would probably respond to kind but firm handling. Still has many years of bridge-playing left. Offered to good home only, or would consider exchanging for more placid, less unnerving partner. Replies, in strictest confidence, c/o Editor, BTG.
